## 2020 Uncertainty...

On behalf of the entire NNTC family, our hearts go out to all those who have been impacted by COVID-19, be it from direct illness, affected loved ones, job displacement, school closings and so much more. While we continue to go through this period of uncertainty, NNTC wants you to know we are doing what we can to keep you connected, either by phone or internet, in order for you to keep in touch with family and friends. In addition, NNTC has installed free hot spots in Nucla and Naturita, with plans on installing hot spots in each of our exchanges, for anyone needing internet access. Feel free to call for more information. We pray for our Nation, our President, our customers, our families and friends. May you all stay safe and well.

## TIRED OF RECEIVING UNWANTED CALLS??

### OUR CONSUMER TIPS TO STOP UNWANTED ROBOCALLS AND PHONE SCAMS

1. Do not answer calls from unknown numbers. If you do answer, hang up immediately.
2. Be aware: Caller ID showing a "local" number does not necessarily mean it is a local caller.
3. If you answer the phone and you are asked to hit a button to stop getting the calls, just hang up. Scammers often use this trick to identify potential targets.
4. Do not respond to any questions, especially those that can be answered with "YES".
5. NEVER give out personal information to unexpected callers or if you are at all suspicious.
6. To block telemarketing calls, register your number on the DO NOT CALL LIST by visiting [www.donotcall.gov](http://www.donotcall.gov). Legitimate telemarketers consult this list.
